Programs & Services

H

Automatic Bank Draft Plan: Electronic funds transfer payment that saves you the trouble of writing a check.

Levelized Billing Program: Residential members, who have lived at the same location for a minimum of 12 months with a payment history, are eligible. Receive an "averaged" bill each month. No settlement month. Account balance must be at zero to start.

Energy Audits: Free home energy audits provide an energy analysis of heating and cooling costs while incorporating recommendations for energy efficiencies.

Prepay Service Program: Paying for energy before you use it gives you control of your energy bill, when you pay, and how you pay.

For application forms and additional services available to members, visit us online at www.intercountyenergy.net.

For a copy of your rate schedule, visit www.intercountyenergy.net or call our Member Services Department.

Explanation of Charges

I

Customer Charge: A monthly charge that helps cover the cooperative's fixed costs and is reflective of the investment in the poles, wires, transformers and other equipment it takes to provide you with electric service.

Franchise Fee: A fee paid to the applicable city/county for the right or privilege to utilize the public property of the city/county for the purpose of supplying electric service. All monies collected are paid to the city/county.

Fuel Adjustment Clause (FAC): Recovers a portion of the costs incurred by our power supplier, East Kentucky Power Cooperative (EKPC), for coal and natural gas to operate its electric plants, and for the costs to buy market power from PJM, the regional transmission organization. The FAC can either be a charge or credit, depending on monthly costs. All monies collected are paid to East Kentucky Power Cooperative.

Environmental Surcharge: This surcharge reflects the cost of equipment and other expenses our power supplier incurs to comply with EPA regulations on power plant emissions. All monies collected are paid to East Kentucky Power Cooperative.
