

P.S.C. KY. NO. 8

1st REVISED SHEET NO. 39

INTER-COUNTY ENERGY

(Name of Utility)

CANCELLING P.S.C. KY. NO. 8

ORIGINAL SHEET NO. 39

CLASSIFICATION OF SERVICE

Economic Development Rider (EDR)

Applicability

The EDR is available in all service territories served by Inter-County Energy Cooperative.

Availability

Available as a rider to qualifying Inter-County Energy Cooperative's non-residential customers to be served or being served under East Kentucky Power Cooperative, Inc.'s ("EKPC") Sections B, C, E, and G to encourage Economic Development as defined herein. Service under the EDR is conditional on approval of a special contract for such service filed with and approved by the Kentucky Public Service Commission ("Commission").

Economic Development

Service under EDR is available to:

1. New retail members contracting for a minimum average monthly billing load of 500 kW over a twelve (12)-month period. If the new retail member is locating in a Kentucky county that is identified by the Commonwealth of Kentucky as an "Enhanced Incentive County", then the minimum average monthly billing load will be 250 kW over a twelve (12)-month period.
2. Existing retail members contracting for a minimum average monthly billing load increase of 500 kW over a twelve (12)-month period above their Economic Development Base Load ("ED Base Load"). If the existing retail member is located in a Kentucky county that is identified by the Commonwealth of Kentucky as an "Enhanced Incentive County", then the minimum average monthly billing load increase will be 250 kW over a twelve (12)-month period. The ED Base load will be determined as follows:
 - a. The existing retail member's ED Base Load will be determined by averaging the retail member's previous three years' monthly billing loads. EKPC, Inter-County Energy Cooperative, and the existing retail member must agree upon the ED Base Load, and any adjustments to the ED Base Load must be mutually agreed to by the parties.
 - b. The ED Base Load shall be an explicit term of the special contract submitted to the Commission for approval before the retail member can take service under the EDR. Once the ED Base Load's value is established, it will not be subject to variation or eligible for service under the EDR.

CLASSIFICATION OF SERVICE

ECONOMIC DEVELOPMENT RIDER (EDR)

(continued)

- c. These provisions are not intended to reduce or diminish in any way EDR service already being provided to all or a portion of a retail member's ED Base Load. Such EDR service would continue under the terms of the applicable special contract already existing between EKPC, Inter-County Energy Cooperative, and the retail member concerning the affected portion of the retail member's ED Base Load.
3. A new or existing retail member eligible for a minimum average monthly billing load between 250 kW and 500 kW may require a retail member-specific meter installation. The cost of the retail member-specific meter installation shall be recovered from the retail member.
4. The new or existing retail member must agree to maintain a minimum load factor of sixty percent (60%) during the majority of the months in the discount period, subject to the following parameters:
- a. During the first twelve (12)-months of the discount period the sixty percent (60%) minimum load factor requirement will be waived.
- b. During the remaining months of the discount period, the load factor will be determined each month. The new or existing retail member may fail to achieve the sixty percent (60%) minimum load factor for no more than 1/6th of the remaining months of the discount period.
- c. Failure to maintain the sixty percent (60%) minimum load factor in any month beyond the period described in part 4(b) above will result in the suspension of the discount to the Total Demand Charge for that month. The discount to the Total Demand Charge will resume in the month the sixty percent (60%) minimum load factor is achieved; however, the discount will resume at the discount rate applicable to the month of the discount period.
5. A retail member desiring service under the EDR must submit an application for service that includes:
- a. A description of the new load to be served;
- b. The number of new employees, if any, the retail member anticipates employing associated with the new load; and
- c. The capital investment the retail member anticipates making associated with the EDR load.

INTER-COUNTY ENERGY

(Name of Utility)

CANCELLING P.S.C. KY. NO. 8

ORIGINAL SHEET NO. 41

CLASSIFICATION OF SERVICE

ECONOMIC DEVELOPMENT RIDER (EDR)

(continued)

6. Any EDR retail member-specific fixed costs shall be recovered over the life of the special contract.
7. For purposes of this tariff, a new retail member is defined as one who becomes a retail member of Inter-County Energy Cooperative on or after October 30, 2014.

Rate

The rate available under the EDR shall be in the form of a discount to the Total Demand Charge applicable to the retail member. The Total Demand Charge is the sum of all demand charges, including any credits provided under any other demand-related rider, before the EDR discounts as described below are applied. A retail member taking service under the EDR shall be served according to all of the rates, terms, and conditions of the normally applicable rate schedule subject to the following discount options:

Discount Period	3 years	4 years	5 years
Required Minimum Contract Term	6 years	8 years	10 years
Discount to Total Demand Charge:			
First 12 consecutive monthly billings	30%	40%	50%
Next 12 consecutive monthly billings	20%	30%	40%
Next 12 consecutive monthly billings	10%	20%	30%
Next 12 consecutive monthly billings	0%	10%	20%
Next 12 consecutive monthly billings	0%	0%	10%

The discount will not be smaller than the amount calculated from the EKPC rate sections.

ECONOMIC DEVELOPMENT RIDER (EDR)

(continued)

Terms and Conditions

1. EKPC and Inter-County Energy Cooperative will only offer an EDR during either periods of excess capacity or the additional capacity needs have been secured, or are capable of being economically secured, through a market purchase agreement. If additional capacity has been secured through a market purchase, the retail member will be responsible for the costs of the market purchase agreement. Upon submission of each EDR special contract, EKPC will demonstrate that the load expected to be served during each year of the contract period will not cause them to fall below a reserve margin that is considered essential for system reliability.
2. Service shall be furnished under the applicable standard rate schedule and this rider, filed as a special contract with the Commission, for a fixed term of at least two times the discount period and for such time thereafter under the terms stated in the applicable standard rate schedule. The discount period shall not be less than three (3) years and not exceed five (5) years. A greater term of contract or termination notice may be required because of conditions associated with a retail member's requirements for service. Service shall be continued under the conditions provided for under the applicable standard rate schedule to which this rider is attached after the original term of the contract.
3. The retail member may request an EDR-effective initial billing date that is no later than twelve (12) months after the date on which EKPC and Inter-County Energy Cooperative initiates service to the retail member.
4. The EDR is not available to a new retail member which results solely from a change in ownership of an existing establishment. However, if a change in ownership occurs after the retail member enters into an EDR special contract, the successor retail member may be allowed to fulfill the balance of the EDR special contract.
5. In the event of an early termination of the EDR special contract by the retail member, or where the retail member ceases operations or otherwise stops taking service during the required minimum contract term, the retail member shall reimburse EKPC and Inter-County Energy Cooperative for a portion of the EDR credits it has received. The amount of the EDR credits shall be equal to the total

dollar difference between the demand charges and environmental surcharge actually paid by the retail member during the EDR discount period and the demand charges and environmental surcharge that would have been paid by the retail member under EKPC's and Inter-County Energy Cooperative's applicable tariff without the EDR discount. In the event of an early termination of the EDR special contract by the retail member, or where the retail member ceases operations or otherwise stops taking service during the discount period, the retail member shall reimburse seventy-five (75) percent of the total EDR credits received by the retail member. In the event of an early termination of the EDR special contract by the retail member, or where the retail member ceases operations or otherwise stops taking service during the non-discount period of the EDR special contract, the retail member shall reimburse fifty (50) percent of the total EDR credits received by the retail member. The retail member, or its guarantor, may also be required to provide a letter of credit or equivalent security satisfactory to EKPC equal to seventy-five (75) percent of the total EDR credits during the discount period of the EDR special contract, and equal to fifty (50) percent of the total EDR credits during the non-discount period of the EDR special contract.

6. EKPC and Inter-County Energy Cooperative may offer differing terms, as appropriate, under the special contract to which this rider is a part depending on the circumstances associated with providing service to a particular retail member, subject to approval by the Commission.
